

# THE 30 DAY PHILANTHROPY CHALLENGE

THE PHILANTHROPY PROJECT

INSPIRING & EMPOWERING YOUTH TO CHANGE THE WORLD.

The Philanthropy Project is a platform that helps youth take action + raise money for a cause that inspires them.

OUR MISSION IS:  
TO EMPOWER YOUTH TO CHANGE THE WORLD!

We're proud to work with K-12 Schools to present a unique service-learning opportunity for students.

Maddi Hogan and Maddie Chism are students at Centaurus High School in Lafayette, Colorado. "The Maddies" came to The Philanthropy Project when they needed help raising awareness and funds during their campaign against hunger.

The girls used our platform to promote their Oxfam Hunger Banquet, sell T-shirts and raise money that will be donated to Oxfam International, No Kid Hungry and Sister Carmen to feed international, national and local families in the fight against hunger.

"The Philanthropy Project Team provided us with constant motivation and support throughout our campaign."

\$3,500 raised, and counting!

Maddi and Maddie have raised \$3,500 so far during their Philanthropy Project campaign, meaning they are 70% of the way towards reaching their \$5,000 goal!

When we asked The Maddies to review their experience using The Philanthropy Project, here is what they told us:

"The Philanthropy Project was a very easy and organized way to make a difference in our community. Their team constantly supported our campaign. They challenged us to think about how our campaign could be different, better, more effective. They did everything in their power to help us reach our goal. We recommend The Philanthropy Project to anyone looking to change the world as we know it."

## What is the 30 Day Philanthropy Challenge for School Districts?

It's an opportunity to put principle into practice, inspire your students, and make a difference. It's a chance to change the world in 30 days. As a group of schools working together to raise money and awareness for a common cause, you have the ability to make a substantial impact!

## Does It Cost My District Anything to Participate?

Nope! It's completely free for students and schools to create a campaign on The Philanthropy Project Platform. The following fees are deducted from the money raised during your campaign:

*"I have experienced nothing amazing things from The Philanthropy Project. Thank you on times over for helping me!"*

*- CHS Students*

+ \$0.30 per donation.

- 1.) A 5% platform fee
- 2.) Standard credit card processing fees of 2.9%

This means that you keep approximately 92% of the funds raised during your 30 Day Philanthropy Challenge!

## How does the 30 Day Philanthropy Challenge Work?

It's actually really simple! Your district chooses a general cause (i.e. Hunger, Education, or Poverty) for the 30 Day Challenge.

Once the cause has been chosen, all district schools wishing to participate can create school-specific campaigns that benefit the umbrella cause, but each school is free to choose the organization that receives the money raised. For example, if the umbrella cause is hunger, one school could choose to do a campaign for *No Kid Hungry* and another school could choose to do a campaign for *Oxfam America*.

The Philanthropy Project provides instructions on how to create a campaign so that you can take this information back to your schools, have each school come up with a plan and launch their campaigns using the start date your school district has agreed upon! It's up to each school whether they want to do a school-wide campaign, or have a couple of campaign leaders who organize the campaign.

*"I am so grateful, impressed, inspired, teary-eyed, etc. about the platform you have built to encourage "our" children to participate in their world. Thank you for touching our lives."*
